PROFILE

A special education teacher with a creative passion in fully-fledged and functional web applications to support users and students, including accessibility support to access content. Skills and experiences include: HTML, CSS, Web Accessibility, JavaScript ES6, React, Node.js, Express, NoSQL, Git, Bilingual

EMPLOYMENT HISTORY

Sep 2021 — Present

Special Education Specialist, Options for Youth

Collaborate with parents and other professionals online to develop individualized education plans for high school students with special needs. Using web applications, programs, and other technologies to engage student learning and improve reading, writing, math, functional and college awareness.

KANBAN BOARD

One project that is able to help students develop functional skills was the Kanban board project. This project was built using HTML, CSS and JavaScript, which allows students to organize their todos and monitor pending and completed assignments for the day.

POMODORO TIMER

To develop good study habits and keeping track of todos with timer, I created a Pomodoro timer using HTML, CSS and JavaScript for students to add todos and keep track of countdown timer while completing assignments or pausing for breaks as needed.

View all of my projects here : <https://github.com/josueramirez1>

Nov 2019 — Sep 2021

Education Specialist, Gorman Learning Center

Redlands/San Bernardino

Collaborated with parents and students in-person and online to help students with disabilities. Used web applications and programs to help students improve their reading, writing, and math skills as well as social skills.

Aug 2018 — Nov 2019

Special Education Teacher (SDC), Redlands Unified (Moore Middle School)

Redlands

Worked with students with disabilities in person to support reading, writing and math skills, utilizing programs to improve their proficiency in reading, writing and mathematics as well as social skills.
